Strength where you need it

EBY builds all-aluminum platform bodies, flatbed towing bodies, and drop-side flatbeds for a wide variety of applications. Extruded, hardened aluminum long sills and cross-members form the industry’s strongest sub-structure. Floors are available in smooth aluminum, diamond plate aluminum, or aluminum and wood combinations. Every EBY flatbed saves you weight, fuel cost, and maintenance expense.

**HEAVY-DUTY PLATFORM BODY**

We’re a third-generation, family-run business built on a heritage of innovation. Since 1938, EBY has understood your passion for excellence. Selecting the best tools and materials, doing the job right, and standing behind our work are not optional—they’re a way of life. At EBY, we’re committed to giving our customers our best.

Designed with cutting-edge technology and manufactured by veteran craftsmen, EBY aluminum truck bodies exemplify the spirit of American ingenuity. Whether you’re a contractor or builder, a landscaper or farmer, a mechanic or service technician, EBY has a truck body that works as hard as you do.

Our custom-built equipment helps you achieve your best. That’s our purpose... building truck bodies that help you live out your passion.
Truck bodies as versatile as the work you do

The EBY Contractor Series of truck bodies always delivers results on the job, no matter what work situation you’re in. The Powerhouse aluminum stake body is a strong, no-rust alternative to steel, and the Fullback general purpose dump body provides more pay-load so you can be more productive. More than tough enough to get it done, our Lineman series has its roots in railroad work.
FULLBACK
GENERAL PURPOSE DUMP BODY

Standard Sizes:

Lengths: 9'4", 11'4" and custom sizes available

EBY Fullback General Purpose Dump Bodies are stocked and available for quick delivery at EBY Authorized Distributors throughout the U.S.
EBY Custom means your job just got easier

You built a business out of dreams and hard work, and you need a van body that makes your work easier. The EBY Freight Series includes unique options and equipment specially designed to make your team more productive. We work closely with you to design and manufacture a custom truck body that works for you.

CUSTOM VAN BODY
Available Sizes:

- Lengths: 10', 12', 14' and 15'
- Widths: 84" and 96"
- Custom sizes available

Custom Van Body
(Designed for an HVAC contractor, the van body shown contains interior shelving and other equipment specially designed for that company.)
At EBY Truck Bodies, we love designing truck bodies and equipment with work in mind. From our roots building wood and steel cattle bodies back in 1938, to our all-aluminum product line of heavy-duty truck bodies and trailers today, we’ve grown because we always remember that your business is unique. Listening to customers and building heavy-duty equipment that makes their lives easier is what makes us tick. We appreciate your business, and look forward to growing with you.
