23K GVV

A heavier-duty low-profile design

The 23K Low-Profile design takes EBY’s legendary engineering to the extreme. Boasting the same fuel-efficient, low-maintenance aluminum as all of our trailers, and equipped with an industrial-strength frame, heavy-duty wheels, and rock-solid dual drop-legs, the 23K Low-Profile is a dependable work horse. With an impressive array of options—lockable toolbox, spare tire, winch and much more—this trailer will be on the job for years to come.

23K LOW-PROFILE

Standard Sizes:

- Deck Length: 25’9” (Length includes 3’3” beavertail)
- Deck Width: 82” between fenders
- Beaver Tail: 39”
- Ramps: 60”L x 24”W

25K GVW
Lighter and stronger deck-over designs

Our 25K Deck-Over takes EBY’s legendary engineering to extremes, using fuel-efficient, low-maintenance aluminum to maximize payload capacity. Equipped with a rock-solid frame, heavy-duty aluminum ramps, and rugged deck construction, the 25K Deck-Over is a dependable work horse. Customize with a lockable toolbox, spare tire, winch, or any number of other options, and this heavy-duty deck-over will be a trusted job-site companion for years to come.

25K DECK-OVER
Standard Sizes:

- Deck Lengths: 20’ + 5’, 25’ + 5’ and 30’ + 5’
- Deck Width: 102” (overall)
- Beaver Tail: 60”
- Ramps: 60”L × 24”W
As a third-generation, family-run business built on a heritage of innovation since 1938, EBY understands your passion for excellence. Selecting the best tools and materials, doing the job right, and standing behind your work are not optional—they’re a way of life. At EBY, we share those same values and commitment to giving customers our best and build them into each trailer we produce.

EBY aluminum equipment trailers are engineered to perform and built to last. Designed with lightweight aluminum—which is more fuel-efficient and easier to maintain than steel—and equipped with impressive features and versatile options, EBY equipment trailers are built for the long haul.

That’s our purpose…delivering a quality product that helps you live out your passion.
15.9K GVW

Lightweight single-wheel gooseneck

EBY’s 15.9K Gooseneck is a lightweight design that delivers a heavy-duty payload capacity. Engineered to maximize aluminum’s fuel-efficient, low-maintenance characteristics, the 15.9K Gooseneck stands head and shoulders above typical steel trailers, allowing you to haul more and save more. Complete the package with an impressive array of options—spare tire, winches, wheel choices and more.

15.9K GOOSENECK

Standard Sizes:
- Deck Length: up to 24’6”
- Deck Width: 102”
- Beaver Tail: 51”
- Ramps: 60”L x 30”W

15.9K Gooseneck, standard spec
25K GVW
Dual-wheel gooseneck that’s 2,000 pounds lighter than steel

Our all-aluminum 25K Gooseneck trailer is approximately 2,000 lbs—a full ton—lighter than comparably spec’d steel trailers. Boasting the same fuel-efficient, low-maintenance aluminum as all of our trailers, and with an impressive design—featuring 19" main beams, heavy-duty 50/50 ramps, Hutch spring suspension, and more—the 25K Gooseneck truly is engineered to perform and built to last. Outfit with your choice of load-securement, flooring and other options, and be prepared for a trailer that is more advanced than anything you’ve owned before.
